

Enjoy Christmas. Get a dishwasher.

Up to your elbows in dirty dishwater at Christmas? No question about it, washing up is the most mundane and time-consuming chore we still do each day, especially over Christmas time.

Ironic really. You prepare a lovely home-cooked Christmas meal and what do you get in return? Dirty pots and pans. And a lengthy stint at the kitchen sink – again.

That's why some 200,000 families EVERY YEAR are making the switch to a dishwasher.

Get Your Time Back!

Still at the sink at midnight? A Hotpoint dishwasher saves you a lot of time and effort that can be spent on more productive and enjoyable things.

Better Cleaning

The best way to deal with the greasy aftermath of festive meals is to use a Hotpoint dishwasher and Finish Quantum tablets. Your Christmas table will also be left sparkling for the big day.

More efficient

Surely the old fashioned way is better? In fact, a Hotpoint dishwasher uses as little as 7 litres of water to wash a 14 place setting, and heats just the right amount to do the job.

De-Clutter & De-stress

Avoid unsightly piles of dirty dishes by clearing dishes straight into the Hotpoint dishwasher as you go. Out of sight, out of mind!

Still need convincing?

Better results than washing by hand!

As well as the convenience and efficiency savings of a Hotpoint dishwasher, you can also enjoy better cleaning results. A recent study* showed that dishes washed in a dishwasher with Finish detergent came out cleaner on average than if using the sink.

Finish Quantum is recommended by Hotpoint to give flawless results and amazing shine on all your dishes every time!

* Washing Up Study, Bonn University 2008
