owners think.

### HELP YOU MAKE A CHANGE FOR THE BETTER

Technology and energy usage has moved on massively in the last 10 years, but although we change our phones & TVs we hang on to old inefficient appliances. So take a look at the latest range of Hotpoint Eco Tech appliances which combine low energy & usage, with high performance.

#### CHANGE FOR THE BETTER

### Hotpoint

5%

less

energy

### CHANGE for the better

TECHNOLOGY AND ENERGY USAGE HAS MOVED ON MASSIVELY IN THE LAST 10 YEARS, BUT ALTHOUGH WE FREQUENTLY CHANGE OUR PHONES AND TVS WE HANG ON TO OLD INEFFICIENT APPLIANCES.

Keeping our homes performing efficiently not only saves us money in the long run but it can also enhance our lives by utilising the latest advances in technology.

From ditching the dishcloth and gaining 10 days of your life back with a dishwasher, to keeping food first day fresh for up to 9 days, Hotpoint appliances are packed with features to deliver outstanding performance that quietly helps you every day of the year.

SUPERIOR CLEANING AND HYGIENE AND GET 10 DAYS OF YOUR LIFE BACK

days back

Hotpoint dishwashers have an array of features to free you from the sink to give you 10 days of your life back:

- Zone Wash technology is 30% more effective at removing stubborn dirt
- More hygienic than washing by hand
- Use up to 5 times less energy and water than hand washing the same load with A+++ energy ratings and as little as 7 litres water usage per wash

#### ENERGY EFFICIENCY & ULTIMATE CLOTHES CARE

- Hotpoint tumble dryers are not only energy efficient but feature advanced drying technology that gives ultimate care for your clothes:
- Heat pump technology delivers the most efficient energy usage with an A+ energy rating - 45% more efficient than a B rated model
- Sensor drying protects fabrics and ensures no wasted energy by automatically switching off the cycle when it senses the load is dry
- Keep colours vibrant and fabrics in perfect condition with Soft Dry Technology

1

KEEP YOUR FOOD FRESHER FOR LONGER, AND HALVE YOUR ENERGY BILLS

Switching to a new Hotpoint fridge freezer could save up to £150 in

- energy costs over the lifetime of the appliance:\* • More energy efficient
- than ever with up to A++ energy ratings
- A typical UK family of 4 wastes an average of £60 a month in food

   new Active Oxygen technology keeps food first day fresh for up to 9 days, reducing food

\* based on equivalent size 10 year old model

wastage

Stains removed FIRST FOR STAIN REMOVAL Hotpoint's washing

Hotpoint's washing machine range host intelligent features designed to ensure outstanding cleaning performance and make your life easier:

- Anti-stain technology removes 20 stubborn, everyday stains in one wash, without the need to pre-wash
- Hotpoint washing machines have up to A+++ -10% energy ratings, to save you up to 40% more in energy versus an A rated machine
- Our clever no-heat Eco Cycles save 50-70% in energy versus a standard cycle, and still ensure excellent results

#### ENJOY PERFECT COOKING RESULTS AND SAVE ENERGY

Our cooking technologies ensure superior cooking results whilst saving energy and time:

- Cook on 4 shelves at once with Openspace ovens, or create a double oven by simply inserting the insulated divider to create two independent cooking zones
- Openspace saves up to 25% in energy and 40% in heating up time versus a conventional oven
- Cook the perfect roast, bread and cakes with Hotpoint's Intelligent Cooking programmes that automatically set the time and temperature and optimise oven elements accordingly

### HOTPOINT LOVES HOME

WE MAKE IT OUR JOB TO UNDERSTAND THE DEMANDS OF THE MODERN HOME, ESPECIALLY THE KITCHEN.

The technology in our products is ground breaking, and we continuously change and improve to keep pace with you. Our HD technologies, run across our laundry, refrigeration, cooking, dishwashing, food preparation, floor care and garment care. This uses intelligent technology, to give you even better performance and guarantee excellent results.

#### AWARD WINNING DESIGN

We understand you want your appliances to be stylish as well as high performers. That's why we work with internationally renowned product designer Makio Hasuike. From his studio in Milan he has developed iconic products like our Aqualtis laundry range, beautiful built-in collections and has now turned his attention to our new range of innovative HD Line of small appliances.

#### **STYLE & COLOUR**

Style is important to us, but that's just part of the story; ergonomic design is at the forefront of everything we do. Our products not only look good, they are in tune with you and your lifestyle.

Only Hotpoint can offer full collections of appliances in 5 main colour palettes:

#### FREESTANDING APPLIANCES

Hotpoint's range of freestanding appliances covers cooking, dishwashing, refrigeration and laundry, each featuring unique technologies designed to make your life a little easier.

#### **BUILT-IN APPLIANCES**

Thinking about updating the kitchen? Take a look at our built-in collection. From stylish ovens, hobs and hoods available in a range of stunning finishes, to fully integrated dishwashing, refrigeration and laundry models that make the most of your chosen kitchen design. With HD technologies that ensures their performance matches up to their great looks.

#### SMALL APPLIANCES

Introducing HD Line from Hotpoint, the new collection of small appliances, from food and drink preparation, microwaves and floor care to ironing and coffee machines developed in association with illy coffee.

Available in a range of colours, including our exclusive brushed stainless steel, you can get a completely co-ordinated look to match the rest of your kitchen.

### Hotpoint

#### INTELLIGENT COOKING

HOTPOINT'S INTELLIGENT COOKING SYSTEM FEATURES PRE-SET PROGRAMMES TO HELP YOU ACHIEVE PROFESSIONAL RESULTS – EVERY TIME.

**BREAD CYCLE** 

baking bread.

ROAST MEAT

Specially created for

cooking joints of meat.

The oven takes care of

start for browning and

cooking the inside, then

lowering the temperature and turning the fan on at

the end to relax the meat and ensure it doesn't

the different cooking

phases, raising the

temperature at the

dry out.

A function which sets the

and time for proving and

optimum temperature

#### INTELLIGENT COOKING SYSTEM

Ever wanted a top chef to give you their professional help and expertise? We've developed the next best thing... easy to use ovens that manage everything for you. From optimising oven elements, to recommending shelf position, temperatures and cooking time, you can be confident that even the most ambitious gourmet dish will turn out beautifully.

#### CAKE CYCLE

A fully automatic cycle sets the temperature and time for baking perfect sponge cakes with no pre-heating time required.

#### PASTRIES

Uses a combination of the fan and bottom heat to guarantee the rapid baking of pastry with a crispy base.

FISH

Gentle top and rear heat is sequenced to lightly poach fish.

#### ROAST CHICKEN

**RISING CYCLE** 

Heats and holds the

for proving bread or

pizza dough.

oven at 40°C, perfect

Specially created for cooking excellent roast poultry. The oven takes care of the different cooking phases to ensure perfectly crisp skin with succulent roast meat.

#### INDUCTION HOBS Fast, clean, safe and controllable for perfect cooking results.

Induction cooking instantly generates heat via a magnetic field only activated by the presence of the pan so only the cooking zone becomes warm, reducing energy and making cleaning a breeze.

#### SOLARPLUS GRILL Speedy grilling and easy on the pocket.

Heats up in just 15 seconds for fast grilling so your food stays moist. Plus, you're saving energy because it's 20% more efficient than a conventional grill.

#### SOLARGLO MULTI-ZONE Supreme cooking flexibility for all pan sizes.

Use as a single cooking zone, a double zone for a large pan or triple zone to accommodate fish kettles or griddles. With just 5 seconds to full heat it's fast too.

#### MULTI-FUNCTION COOKING Experiment with confidence with multi-function ovens.

Choose from a variety of up to 8 cooking functions in the main and secondary ovens to suit today's variety of cooking styles.

#### Double Oven Cooker

These cookers have two separate ovens and a grill. This gives you the best of both worlds, with greater oven flexibility and capacity, meaning you can cook and grill at the same time.

Q 3

#### Twin Cavity Cooker

A cooker with an oven on the bottom and a separate cavity at the top that features a grill. This means you can grill and cook at the same time, or use the top cavity to keep food warm.

#### Single Cavity

Allow our single cavity oven to take care of your cooking creations. The extra large oven features a combined grill, giving you maximum cooking space.

#### Solarplus Grill

Heats up rapidly, heating up in just 15 seconds. The speed of the grill means the food stays moist, as more efficient cooking helps prevent food from drying out. It's 20% more efficient than a conventional grill too.

#### Twin Grilling

You can choose to use the grill on full width or use just half the grill if you're grilling a small amount, which will help to save energy. With variable temperatures too, this makes the grill versatile and economic to use.

#### Gas Hobs

For control and precision, great for giving instant adjustable heat. Our gas hobs feature a range of burner styles, such as simmers and wok burners.

#### Wok Burner

Ideal for stir-frying, this high speed gas burner distributes heat evenly around the base of the wok for fast, efficient and perfectly cooked dishes.

#### Fish Kettle Burners

90° rotating oval burners to give an even heat around the pan, perfect for larger pans and griddles.

#### Safety Cut-Out

Our cookers with glass lids are fitted with a Safety Cut-Out. This cuts off the supply of gas if you accidentally close the glass lid with the burners still switched on.

#### Induction Hobs

Fast, energy efficient, clean, safe and controllable. Induction cooking instantly generates heat via a magnetic field only activated by the presence of a pan. Only the cooking zone becomes warm, making cleaning a breeze.

#### Ceramic Hobs

Efficient, easy to clean, they offer fast and responsive heat, saving you time, cooking and cleaning.

AIN

#### Solarglo Zone

Faster and more responsive heat than standard ceramic hobs – typical time 5 seconds to full heat.

#### Solarglo Dual Zone

12:15

The dual circular design increases cooking flexibility since the hob can be used as a single or double zone, accommodating small and large pans.

#### Solarglo Multi Zone

Increased cooking flexibility – use as a single zone, a double zone for a large pan or a triple zone to accommodate fish kettles or griddles.

A valuable safety feature on all ceramic hobs. If the surface of the ceramic hob is still hot the indicators will light up, even after you have turned off the controls.

Multifunction Cooking Choose from a variety of cooking functions in the main and secondary ovens:

**8 Functions:** Fan Assisted, Fan, Conventional, Bottom Heat, Grill, Half Grill, Fan Grill, Quick Defrost

 $\mathbf{x}$ 

**7 Functions:** Fan, Conventional, Baking, Grill, Half Grill, Fan Grill, Pizza

#### Circulaire Fan Cooking

The fan has a heating element surrounding it to circulate hot air and create an even temperature throughout. It saves up to 10 minutes per hour in cooking time and you can set the temperature up to 20°C below a standard conventional oven and still achieve the same results, saving energy and time.

#### Zoned Gas Oven

Our gas ovens offer different temperature zones. These zones allow a number of different dishes to be cooked at the same time. The centre shelf position maintains the selected temperature, while the shelf positions above are a gas mark higher and the shelf positions below are a gas mark lower.

#### Eco Tech

Our Eco Tech icon is awarded to those cookers with the very best energy rating where both ovens are A energy rated.

#### A Energy Rating

All our Ultima 60cm and 50cm electric main ovens are A energy rated and on selected models both the main and secondary ovens are A energy rated.

#### Cool Touch Door

For extra safety in the kitchen our triple glazed Cool Touch oven doors ensure the outer temperature of the door is cooler to the touch.

#### Easy Glide Grill Pan

The grill pan is secured on telescopic runners when it is pulled out, leaving hands free to check and turn food safely.

#### LPG

If your home uses liquid petroleum gas (LPG) rather than a mains gas supply, then we have a range of LPG convertible cookers in a choice of widths and colours.

#### Flame Supervision Device

A Flame Supervision Device, (also known as Flame Failure Device) is fitted to all gas and dual fuel cookers and is part of the gas burner system. It detects if the flame is accidentally extinguished and automatically cuts off the gas supply.

#### Programmable Electronic Timer

Start and stop the oven automatically at a time that suits you with the easy to use 3 button timer. A handy minute minder and clock is also included.

#### Easy to Clean

The ergonomic design of our ceramic hobs ensure they are easy to wipe clean, whilst our easily removable inner door glass and Stay Clean Catalytic Oven Liners give you a helping hand too.

#### Stay Clean Catalytic Oven Liners

Catalytic agents work with the heat of the oven to break down grease and excess fats leaving you with more time to cook rather than clean.

#### **Automatic Ignition**

For easy operation, the control knob has a push and turn action which ignites the burner using just one hand. The push action also acts as a safety device that prevents the gas being turned on accidentally. Its design is also stylish and helps to make the control panel easier to clean.

### QUALITY AT THE HEART OF ALL WE DO

OUR APPLIANCE LEAVING THE FACTORY ISN'T THE END OF THE STORY. FOR US, IT'S JUST THE START OF A WHOLE NEW CHAPTER

At every stage of the creation of our appliances, everyone's job is to always achieve the highest possible quality standards. This has shaped our history and success that we strive to build on every year.

### WE'RE HERE IF YOU EVER NEED US ... 364 DAYS A YEAR!

Hotpoint service is second to none. We are open when you need us and our operators are on hand to answer your call every day, except Christmas day, including weekends and bank holidays on 03448 224 224 [if calling within the Republic of Ireland please call 0818 31 34 13]. Alternatively book online at www.hotpointservice.co.uk

#### LOCAL ENGINEERS NATIONWIDE

We are the largest white goods service team in the United Kingdom & Republic of Ireland with fully trained Hotpoint specialists to ensure you receive fast, reliable and local service.

#### **APPOINTMENTS TO SUIT YOU**

We do everything possible to fit in with your busy lifestyle. You can choose between morning or afternoon appointments, with the option of the engineer's first or last visit of the day. Saturday appointments are also available in some areas. We will send you a text message with a 2 hour time slot on the morning of your appointment.

#### PROFESSIONAL WORKMANSHIP -BY THE EXPERTS

Our engineers are professionally trained at the Hotpoint School of Excellence and receive continuous training to ensure they are up-to-date with the latest products. We only fit genuine Hotpoint replacement parts and guarantee our work for a full 90 days.

#### **GUARANTEED PARTS FOR 10 YEARS**

Your Hotpoint appliance is covered for a full 12 months by our own parts and labour warranty. In addition, when you register your appliance we also provide free parts for the first 10 years when fitted by our highly qualified engineers. Please call 0800 597 8520 for more information (if calling within the Republic of Ireland please call 012 30 02 33).

## YOUR PEACE OF MIND WITH TOTAL PROTECTION

We offer a selection of repair protection plans that will enable you to fully cover any number of Hotpoint appliances – after your warranty expires – including new for old product replacement in the event they cannot be repaired. Please call 0800 597 8520 for more information (if calling within the Republic of Ireland please call 012 30 02 33).

#### SATISFACTION GUARANTEED

Within the first 90 days of ownership we have a dedicated team who provide fast track product advice and assistance to deal with your enquiries quickly and efficiently. In the unlikely event that a technical problem occurs that cannot be resolved in this period we will replace your appliance.

#### HOTPOINT ACCESSORIES

INTRODUCING THE HOTPOINT RANGE OF CARE PRODUCTS TO PROTECT, PROLONG AND ENHANCE YOUR APPLIANCE.

Our Professional range of Hotpoint accessories have been specifically designed to enhance the performance of your appliance and prolong its life.

For more information or to order please call 03448 225 225 (UK ) or 0818 31 34 13 (Republic of Ireland).

Alternatively visit: www.parts.hotpoint.co.uk

### 03448 224 224

or visit our website www.hotpointservice.co.uk (if calling from within the Republic of Ireland please call 0818 31 34 13)

In accordance with its policy of progressive product design and environmental protection, Indesit Company reserves the right to alter specifications. To confirm that the specification and/or functions required are still current on the selected model, please call our product information team on 08000 92 19 22 (If calling within the Republic of Ireland please call 0818 36 50 08) prior to purchase. Every attempt has been made to ensure an accurate colour representation.
