Interior light	LED ceiling lighting
Fruit and vegetable bins	1 EasyFresh Safe on integrated drawer guide
Freezer compartment	
Star coding	****
Number of drawers	3 drawers, VarioSpace
Freezing capacity in 24 hours	10 kg
Temperature rise time	20 h
Features	
Door hinges	Reversible door hinging, right
Replaceable door seal	yes
EAN-Nr.	4016803154051

Subject to availability. Please check with your local dealer for accessories available in your region. The overview represents an excerpt of the most important accessories. All other accessories of the appliance and further information are available at home.liebherr.com.

¹ To achieve the indicated energy consumption level, the wall spacers provided with the appliance must be used. These increase the appliance depth by approximately 1.5 cm. If the wall spacers are not used, the appliance will remain fully functional, but will have a slightly higher energy consumption level.
² In accordance with Regulation EU 2019/2016 we indicate the total volume to the nearest integer (rounded off) and the volume of the frozen compartments and refrigeration compartments to one place after the decimal point.

Features

BluPerformance

Offering even more interior capacity for food storage, economy and energy efficiency, quiet operation, ease-of-use and exceptional design: Liebherr's BluPerformance appliances set both a new direction in refrigeration and freezing, and new benchmarks.

EasyFresh

The guarantee of market freshness in the home is our EasyFresh-Safe. Whether it's unpackaged vegetables or fruit, this ensures optimal storage for everything. Thanks to the air-tight closure, the food causes the humidity in the safe to rise. This keeps the food fresh for a long time.

DuoCooling

DuoCooling uses two completely separate refrigeration circuits to ensure no air is exchanged between the fridge and freezer compartments. The food neither dries out nor is odour transferred. This means throwing less away, shopping less often, but saving more and greater enjoyment.

NoFrost

When you open your freezer, you want to see frozen food – and certainly not ice and frost. NoFrost protects the freezer compartment from unwanted icing, which consumes a lot of energy and can be expensive. NoFrost means no more tedious and time-consuming defrosting of the freezer compartment, more time for other things – and saving money.

Retrofit SmartDeviceBox

Want to be prepared for the future of the Smart Home? Your Liebherr will be happy to help. You can retrofit it with a SmartDeviceBox which will connect your Liebherr to the Internet. The SmartDeviceBox can be installed in just a few steps and will open up the whole world of digital possibilities to you today.

Touch display

Fingertip control: the touch display enables easy and intuitive operation of your Liebherr. All functions are clearly arranged on the display. By gently tapping a finger, for example, you can easily select the functions or check the current temperature of your refrigerator.

Technical drawing

Products and their details are staged for advertising purposes. Whilst every effort is made to ensure all specifications and information in this flyer are accurate, Liebherr reserves the right to make changes without notification. Where actual appliance measurements, specifications, and ratings are crucial, we recommend that the actual appliance installation instructions that accompany each appliance be checked. Liebherr will not be liable for any damage. (02.09.2025)
