Victoria and 50's style

.....

LARGE AND SMALL APPLIANCE
COLLECTION

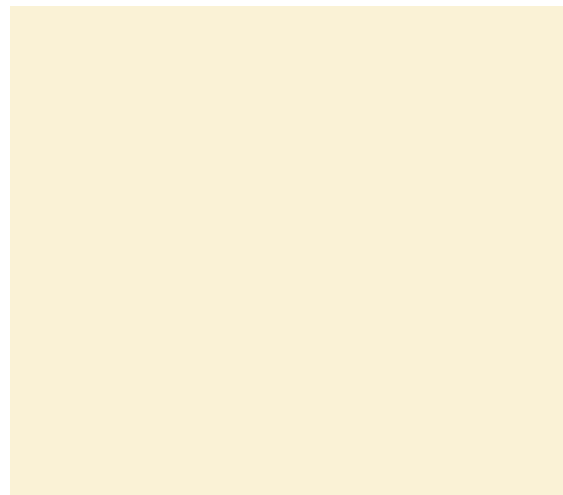

STYLE STATEMENT FOR YOUR HOME

With vibrant colours, rounded curves and smooth lines, Smeg's retro appliances truly embody the glamour and form of the 1950's. Encompassing appliances right across the range, Victoria and 50's Style are more than just an icon.

From freezers, cookers, ovens and fires, to dishwashers and washing machines, the range has become synonymous with Italian quality and design. With the new addition of the small appliances, there are now even more ways to be inspired to get creative in the kitchen. Bursting with passion, Smeg's 50's Style is designed for those who wish to make a big impact, not only with what they create in the kitchen, but how they create it.

.....

**MADE IN ITALY STYLE AND
DESIGN**

Smeg's love of cooking has come from over 65 years of experience in the kitchen. It is clear from the detail that Victoria appliances have been designed to optimise performance and enhance the beauty of the heart of your home.

Whether you are a seasoned chef or just beginning to explore your culinary potential, you will always find an abundance of inspiration for your kitchen. The powerful diversity of the Victoria range of free standing cookers, ovens and hobs, comes from their superb quality and volume of functions.

A TRUE ICON OF THE KITCHEN:

The first word that springs to mind when talking about the Smeg fridge is 'Iconic'. Effortlessly combining good looks with high performance technology, the FAB fridges are available in six different sizes, from the ultra-spacious FAB50, to the petite FAB5.

They are also available in a vast number of colours, so whether you are after the classic look of cream or the vibrant impact of the lime green, there is sure to be a FAB colour to suit your kitchen setting perfectly.

Small Appliances

.....

THE NEW ICONS OF THE DOMESTIC SPACE

Curved, compact, and bursting with personality, small appliances from Smeg are the latest addition to the 50's Style family. The collection of toasters, kettles, stand mixer and blender manages to seamlessly combine the energy, passion and creativity of the larger retro appliances, and perfectly apply them to the small ones.

Whether you are wanting to match them with your other Smeg appliances, or simply add a burst of colour to your kitchen, this collection is the ideal way to make a huge impact in the kitchen.

Gas Fire Site:

Almost any flat surface, there must be a minimum of 100mm clearance to the sides of the fire; 800mm to the ceiling, 500mm in front and clearance to a solid floor must be 60mm.

Quality, Environmental and Occupational Health & Safety Management Systems

All Smeg factories are ISO9001, ISO14001 and OHSAS 18001 certified, ensuring that the highest standards of quality are continually maintained whilst actively responding to all environmental issues relating to manufacture. The materials and components used to produce smeg products undergo strict quality control testing, and care is taken to source recyclable materials wherever possible. These management systems enable Smeg to provide complete assurance that all products meet superior standards whilst respecting the environment. The workforce is not forgotten – the occupational health and safety assessment scheme promotes a safe and healthy working environment, aids legislative compliance and helps improve overall performance.

Whereas every effort has been made to ensure that the information contained in our literature is correct at time of going to print, this brochure should not be regarded as an infallible guide to current specification, nor does it constitute an offer for sale of any particular product. Smeg reserves the right to change specification without notice.
